

Martinez Missionary Mail (4th Quarter 2024)

Chuck & Robin Martinez, SGSP Mission Directors- Guatemala

3rd Quarter Into 4th...

From the end of the 3rd quarter newsletter, Robin's mom is recovered enough to walk unassisted just 6 weeks after surgery. It has been a month since Robin has been in California. Although we had already been stateside this year, it seemed a good opportunity to spend a few weeks attending to U.S. based concerns with IRS, VA, SSA, Medicare, CA & AZ motor vehicle departments, and the list goes on.

As career missionaries in Guatemala, we have not had a car stateside for over a decade. While not expected, Robin's mom wanted her to have her car as she would no longer be driving (at 93 years old). Surprising how difficult it was to explain why we have not had car insurance or vehicle registration in the last 15 years. Even more of a concern, was where to park said vehicle, when you do not have a home stateside, and you are only there 4-6 weeks a year.

Nevertheless, God has a plan for all the things that concern us. All we need to do is trust Him in all situations and circumstances.

Back to Work

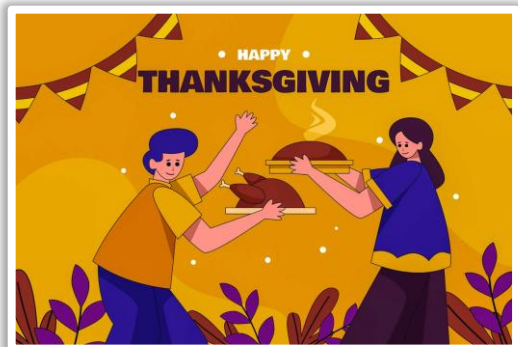

Our last days stateside were in AZ, we felt at peace as we began the trip home to our mission field hopeful to end the year strong.

Robin and her mom Barbara (a missionary kid herself)

Grateful for the many happy faces & places...but eager to get back the Father's business. Next stop Guatemala!

Thanksgiving Thankfulness

November in Guatemala holds no Latin American holiday other than it precedes Christmas. We made time to break-bread with missionary colleagues enjoying a traditional U.S. style turkey lunch. In turn we each expressed thankfulness for friends, family, and our mission(s) in Guatemala. Above all for the privilege of being part of Gods great plan!

Ragtag Missionaries Int'l (RMI)

An initiative of SGSP Aviation Ministries Inc, RMI is an association of missionaries that voluntarily band together to minister encouragement inwardly and co-labor outwardly pooling resources to benefit the people of Guatemala. Street evangelism and winter coat distribution is but a few of the ways RMI reaches the heart of the people in Guatemala.

Aircraft Update

By mid-December 2024 SGSP had coordinated the Guatemala side of the aircraft as it transitioned stateside to a broker for sale. A bitter-sweet duty but one carried out with a hopeful heart that soon SGSP would possess aircraft to resume the critical service of "Giving Wings to Good Works"

Not too Late

There is still time for an IRS tax-deductible year-end gift that will keep (*us) and SGSP Aviation Ministries firmly planted on the mission field of Guatemala.

*To designate a gift to missionaries Chuck & Robin Martinez you need only make your check payable to SGSP Aviation Ministries and add missionary ID 1190 to the memo line.

According to IRS regulations, donations must be post-marked no later than 31 December 2024.
